The Election.

Several States Change from One Side to the Other, but the Figures in the Electoral College are about the Same as Announced Last Week,

The returns in last week's paper were quite incomplete and during the week there were several changes from the original announcements. Bryan carried his own state, but lost Missouri and in Maryland both parties received some of the electors. The House and Senate will be republican and Speaker Cannon will again be at the head of the House. We give below the revised returns from most of the states and it will be interesting to compare the figures with the vote four years ago.

Alabama.

Bryan, 90,000; Taft, 13,000, are the election figures in this state. Mr. Taft polled 9472 fewer votes than Mr. Roosevelt did in 1904.

Arkansas.

Arkansas has given Mr. Bryan a maority of 30,000, an increase of 12,436 over the vote polled by Mr. Parker in 1904.

California. California probably gave Taft a pluality of more than 60,000 votes and in addition re-elected all eight republican congressman and chose a republican legislature. Judge Frank H. Dunne, who has tried many of the bribery and graft cases in this city has been re-elected. ludge Cook, against whom the graft prosecution made a fight, was defeated.

Colorado.

The unofficial vote shows Taft's plurality to be 5577, while Shafroth the democratic candidate for governor, is elected by a plurality of 9382. Judge Linsley of Deaver, the great champion of juvenile courts, was turned down by both the republicans and democrats but won out on an independent ticket receiving within a thousand votes as many as the other two candidates. All the boys in Denver, as well as the women, were at the polls electioneering for Judge Linsley.

Connecticut.

Taft and Sherman carried the state of Connecticut by a plurality of 44,754 votes this figure having only one other larger on the political records of the state, in 1896, when Mr. Bryan ran for the presidency the first time and was rejected by a plurality in this state of 53:54. Congressman George L. Lilley is elected governor by a plurality of 16,196 votes over Judge A. Heaton Robertson of New Haven.

Delaware.

Taft's plurality is about 3000 and the republican state ticket, except the attorney-general, is elected by about the same figures.

Florida.

Albert H. Gilchrist, Democrat, has been elected governor of Florida, and the Democratic national ticket has carried the state by a majority of 25,000, the Republican vote showing a loss of 3000 Smoot. since 1904. Georgia.

Bryan's plurality of over 30,000 was 20,000 less than Bryan got in 1904. The total vote of the state is as follows: Democratic, 70,800; Republican, 39,000; People's Party, 17,200; Prohibition, 750. Georgia is the native state of John Temple Graves, vice-presidential candi date on the Independence League ticket. The league polled a total of 85 votes in

Idaho. Idaho has gone Republican on both state and national issues. James H. Brady has been elected governor.

Illinois.

The returns indicate that Taft's plurality will exceed 150,000, while Mr. Deneen, the republican candidate for governor is elected by about 20,000. There was a great falling off in Chicago of the socialist vote of four years ago.

Iowa.

Although the Democratic vote which stayed away from the polls in 1904 turned out in full force for Mr. Bryan, it was not sufficiently strong to carry the state. Taft's majority in Iowa is 43,-000. B. F. Carroll, the Republican nominee for governor, was successful.

Kansas.

With only three counties, all of them small ones, to be heard from, the plurality for Taft is 34,796, and for Stubbs for governor 32,096.

Kentucky.

Bryan's plurality in Kentucky is 13,000, eight and possibly nine Democratic congressmen are elected, a Republican loss of two seats. Almost complete returns give Bryan a plurality of

Louisiana.

As usual, Louisiana is solidly Democratic by a very large majority. There was no gubernatorial election. Maine.

Taft's plurality in the Pine Tree state will exceed 31,400, the total vote of the two great parties being 10,000 larger

Maryland. Though on the official count Taft carried the state by a plurality of 613 Bryan gets six electors and Taft only two. The epublicans lost the state by the intricacy of the official ballot. The total vote in the state was Tait 116,523, Bryan 115,

910. Massachusetts.

than four years ago.

Taft's plurality in Massachusetts is 101,636, while Draper was elected governor by a margin of 59, 683. The total vote for all the candidates is as follows: Tatt, 257,494; Bryan, 155,858; Hisgen, 18, 159; Debs, 8980; Chafin, 3362; Gillhaus, socialist labor, 824.

Missouri.

There is now no doubt but what Taft nas carried Missouri and his plurality over Bryan will be about 2000, Gov. Folk, democratic, was defeated by the republican candidate for governor who will have a mojority of 15,200. The democrats expect they have got the rest of the state ticket, though the final result will not be known until the official

Nebraska. Bryan carried his own state by a plurality of 4,500 and Ashton C. Shallenberger, democrat, is elected governor by

New Hampshire.

Taft's plurality will be around 18,000, while Henry B. Quinby, the republican candidate for governor, is elected by only 1086 plurality.

New Jersey. This state went for Taft by a plurality of 76,657 and the republicans gained one Congressman.

New York. Taft's plurality in the Empire state exceeds 203,500 while Gov. Hughes was

elected by about 50,000.

congressmen.

North Carolina. Returns from half the counties in the state give Bryan, according to republican estimates, a plurality of 20,000. The democratic managers claim double this plurality on the entire count. The republicans have elected three republican

North Dakota.

North Dakota has gone Republican, giving Mr. Taft 40,000 of its 70,000 votes.

Ohio.

Tait carried his home state by 75,000 while the democrats have elected Judge Harmon governor by about 20,000 plurality.

Oklahoma. This state was loyal to Bryan and

gave him about 25,000 plurality.

Pennsylvania. Complete but unofficial returns from 63 of the 67 counties in Pennsylvania and careful estimates from the lour missing counties show a plurality for Taft of 292,586. Of this Philadelphia contributed 110,699 and Allegheny county in
